Fall 2004

More Hilltop Homes ...

Construction is complete on two custom single-family homes on Stanley Avenue near Skyline Drive. These 2-story homes offer views of Long Beach and the Orange County coast. Ten other custom homes are currently under construction in the Hilltop area.

Comstock Homes has sold all 21 single-family homes in the Eastbluff Estate neighborhood. The 1 and 2-story homes are on the south side of Hill Street between Stanley and Ohio Avenues.

McCune Construction Company has completed 16 of their 24 condominiums at Skyline Drive between Ohio and Molino Avenues. The 3-story townhome-style units feature 2 bedrooms, private 2-car garages and balconies. Many of them have views.

Two New Industrial Buildings

Denham Construction, Inc. is putting the finishing touches on two light industrial buildings at the northeast corner of Obispo Avenue and Palm Drive. The modern corporate design features smooth concrete panels with horizontal banding and tinted glass.

Fiscal Year 2004-05 Budget

In June, the City Council adopted the 2004/05 fiscal year budget. General Fund revenues are estimated at \$14,408,410 while operating expenditures are expected to total \$15,060,800. The City's General Fund is estimated to be \$3,818,838 at the end of the 2004/05 fiscal year.

The budget was prepared in a conservative manner regarding its revenue estimates and no new programs were added. This was done in response to the continuing issues with the State budget and the high levels of local revenues to be taken by the State to balance their budget. The State, in an effort to reduce the size of their deficit, will raid the treasuries of local government. The City's budget assumes that the State will takeaway \$468,309 in FY 2004/05 and an equal amount in the following year. Proposition 57, approved by voters in March, will allow the State to take 25%, or \$2.55 million of our sales tax. Known as the "triple flip," the State promises to replace the sales tax with property taxes. The impact on the City could be enormous if the State does not live up to its promises as sales tax represents 72% of our General Fund revenues and totals \$10.35 million. Additionally, the State will take \$735,200 from the City's Redevelopment Agency for the Education Reimbursement Augmentation Fund. The budget also assumes that the State will backfill \$415,000 in Vehicle License Fee revenues.

No new taxes have been proposed in the budget. Only in those areas where the City provides a fee for service (i.e. developer fees where costs

are passed through to the recipient of such services) were fees allowed to increase.

A three percent rate increase for the City's Water Fund has been approved by the City Council and will take effect later this fall. The City has not increased water rates since October 2001. The rate increase is necessary to fund operations, capital projects and the reserves that finance those improvements.

To balance our budget, the City will use specific reserves that have been accumulated for "rainy days." The Signal Hill City Council adopted a conservative approach opting not to spend one-time revenues on expansion of staff and services; rather, "rainy day" reserves were established. These reserves will help the City fund its programs and State takeaways during the next several years.

CAPITAL IMPROVEMENT PROJECTS

Capital projects totaling \$4,287,700 are planned for this fiscal year. These include:

- Completion of the Hilltop Loop Water Line
- 21st Street Water Main
- Temple Reservoir and Pump Station expansion
- New Well No. 9 Phase 1 acquisition
- Slurry seal of various streets throughout the City.
- City wide street lighting
- Illuminated crosswalk – 19th Street and Cherry Avenue
- Cherry Avenue – 19th Street to PCH pre-construction
- Completion of Calbrisas Park in the Las Brisas neighborhood.
- Sunset View Park addition
- Hillbrook Park improvements

City Receives Brownfields Grant

In June, the City received a \$400,000 Brownfields Assessment Grant. The grant money will fund the assessment of the Las Brisas Phase II site, as well as expansion sites at the Auto Center. The City hopes to build on the success it achieved with its first Brownfields Grant, most notably, the environmental assessments at Mercedes-Benz of Long Beach and Las Brisas Phase I.

“Too Good For Drugs”

The Signal Hill Police Department, in conjunction with the Long Beach Unified School District, presented the “Too Good For Drugs” educational program to the City’s 4th and 5th grade students. The 10-week program, designed to educate students regarding the dangers involved in the use of drugs and alcohol, concluded with a graduation party, including a derby car race.

National Night Out

The Signal Hill Police Department hosted its first annual “National Night Out” on August 3, 2004. “National Night Out”, a nationwide event with over 10,000 communities participating, promotes police-community partnership, crime prevention and neighborhood unity. The event was held at the new Las Brisas community center with a variety of public service organizations and local businesses participating.

Lucky winners show off the bicycles and helmets won at “National Night Out.” The bicycles were provided by the Signal Hill Police Department and the helmets were donated by the Knights of Pythias

Public Works

The Department of Public Works administers the Capital Improvements Program for the City, which includes street improvements. Since July 1, several City streets have been enhanced through the City’s extensive Pavement Management project, including the slurry seal of several roads on the City’s eastside. In addition, grind and overlays were performed on Cherry Avenue from Burnett Street to Hill Street and the intersection of Orange Avenue and Willow Street.

For updates on street closures throughout the City, please log onto our website at www.ci.signal-hill.ca.us

Progress continues on the City’s Water Master Plan with the implementation of the Hilltop Loop Water Line project, scheduled to begin this fall. In addition, the 21st Street Water Main will be installed as part of the overall public improvements associated with the Hilltop development.

Proposed Storm Water Trash Fee Hearing – November 9, 2004

The City of Signal Hill is required to reduce the amount of trash found in local storm drains. The City is proposing a new fee that would raise funds for the mandated Federal and State programs. The average monthly refuse bill in Signal Hill would increase by 5.6% effective January 1, 2005, if the new fee were approved. This amounts to a 71-cent increase in the monthly refuse bill for single-family accounts. The Council is required

by law to hold a public hearing to receive written and oral protests. The Council cannot adopt the new fee if a majority protest is received. The City Council has set Tuesday, November 9, 2004 at 7:00 p.m. in the Council Chambers for the protest hearing. Property owners will receive an official notice of the hearing after September 23, 2004.

How Can I Help Keep Signal Hill Clean?

Litter in local rivers, bays and beaches is a real and growing problem. There is only so much the City can do. We need your help as well! All Signal Hill residents and businesses can help reduce the amount of litter entering the streets and storm drains. Remember to keep all refuse inside of City provided containers and don't litter on streets, sidewalks, parks, vacant lots and private property.
