Welcome to Aloha Auto Outlet!

We have been located in Hemet, California for xx years.

The owners, Jere Miller and David Burch have been in the business of selling automobiles for xx years, not including the years of experience of our staff.

We usually average approximately 60+ vehicles on our lot, all of which have been tested with our certified mechanics. We have many satisfied customers, some of which have had vehicles on consignment with us and have also purchased vehicles from us.

Come on in, we'd love to show you our latest finds!
